# **Product** Information

# **Sportsmaster**®

Municipal 15-5-15+Fe

# Sportsmaster

everris.

# **Product description**

The Sportsmaster products contain compound granular fertilizers. They are manufactured as mini-granules providing ease of application and an even distribution. This ensures even growth, quality and colour over the whole area and prevents unsightly speckling effects.

- Product advantages1. Contains coated nitrogen based on Poly-S mini technology.
- Longer lasting than conventional fertilizers.

  More predictable release compared to fertilizers with nitrification inhibitors.

67.5	22.5	67.5	75.0	25.0	75.0		

## Directions for use

- Apply to dry foliage and irrigate after 1-2 days if no rain has fallen.
- Irrigation will aid dispersion and minimize any risk of mower pick-up on close mown surfaces.
- Avoid applications during frosty or drought conditions.
- Watering-in after application will minimize foot printing
- If spilt on paving slabs, concrete, clothes etc. brush off immediately, as product may cause discolouration.
- Delay verti-cutting and/or grooming for 3 days after application to allow the granules to disperse.

Storage

5%

Keep away from heat and sources of ignition. Keep away from food, drink and animal feeding stuffs. For quality reasons: Keep out of reach of direct sunlight, store under dry conditions, partly used bags should be closed well. Keep at temperatures between 0 °C and 40 °C.

Health and safety

A Material Safety Data Sheet is available on request.
