Product Information

Conserve Granule

Product description

Everris H₂Pro Conserve Granule is a wetting and water conservation agent for use in treating dry patch (localized dry spot) and reducing the irrigation requirement of soils. The product has both a preventative and curative effect on dry patch by reducing the number of wet/dry cycles in the soil preventing the hardening of water repellent deposits.

Product advantages

1. Significantly reduces irrigation requirements.

- 2. Unique curátive and preventative action against Dry Patch (localized Dry Spot).
- 3. Effective through the rootzone and not just at the surface.
- 4. Excellent spreading and penetration characteristics.
- 5. Flexible application programmes and flexible water rates.

Performance*

Granule dispersal: 4 days
Turf response: 7 days
Longevity: 2 months
* depending on environmental factors

Product characteristics

Bag size: 10 kg
Application rate: 20 g/m²
Bag coverage: 500 m²
Granule size: 0.6 - 1.3 mi

Granule size: 0.6 - 1.3 mm
Granule count: 1100 - 1600 granules/gram

Item code: 030801110AĂ

Directions for use

- Best performance achieved when applied in a programmed approach.
- Works most effectively when the initial application is applied before the growing season with further applications as per the selected application program.
- Can also be used curatively to relieve plant stress due to hydrophobic soil conditions at any time of the year.
- Apply granules using Everris pedestrian spreaders. Watering-in after application will aid penetration of wetting
 - agent into the soil and improve efficacy.
- Penetration of the wetting agent and be further enhanced if applied following aeration programmes such as hollow tining, slitting and/or scarification.

Storage

Keep away from heat and sources of ignition. Keep away from food, drink and animal feeding stuffs. For quality reasons: Keep out of reach of direct sunlight, store under dry conditions, partly used bags should be closed well. Keep at temperatures between 0 °C and 40 °C.

Health and safety

A Material Safety Data Sheet is available on request.
